WARNINGS: Failure to follow these warnings and assembly instructions could result in serious injury or death. To help prevent serious or fatal injuries from entrapment or falls:

- Read all instructions before assembling bunk bed. KEEP INSTRUCTIONS FOR FUTURE USE.
- Before each usage or assembly, inspect bunk bed for damaged hardware, loose joints, missing parts or sharp edges. DO NOT use bunk bed if any parts are missing or broken. Telephone or write to Pottery Barn Kids for replacement parts and instructional literature if needed. DO NOT substitute parts.
- Follow the information on the warnings appearing on the upper bunk end structure and on the carton. DO NOT REMOVE WARNING LABEL FROM THE BED.
- Always use the recommended size mattress or mattress support, or both, to help prevent the likelihood of entrapment or falls.
- Ensure thickness of mattress does not exceed 9" and the surface of the mattress is at least 5" (127 mm) below the upper edge of guardrails.
- Use only mattress which is 74"-75" long and 37.5"-38.5" wide on upper bunk.
- Surface of mattress must be at least 5 inches (127 mm) below the upper edge of the guardrails.
- The use of water or sleep flotation mattress is prohibited.
- Periodically check and ensure that the guardrail, ladder and other components are in their proper position, free from damage, and that all connectors are tight.
- Never allow children under 6 years of age to use the upper bunk.
- Do not allow horseplay on or under the bed and prohibit jumping on the bed.
- Always use the ladder for entering and leaving the upper bunk.
- Use of a night light may provide added safety precautions for a child using the upper bunk.
- Prohibit more than one person on the upper bunk.
- Always use guardrails on both long sides of the upper bunk.
- If the bunk bed will be placed next to a wall, the guardrail that runs the full length of the bed should be placed against the wall to prevent entrapment between the bed and the wall.
- If refinishing, use a non-toxic finish specified for children’s products.
- STRANGULATION HAZARD – Never attach or hang items to any part of the bunk bed that are not designed for use with the bed; for example, but not limited to, hooks, belts, and jump ropes.

PRE-ASSEMBLY:
- For your safety and ease, assembly by two adults is recommended.
- Please read all instructions before beginning assembly. The illustrations provided allow for easier assembly when used in conjunction with the assembly instructions.
- Remove all parts and hardware from box and lay out on a carpeted or scratch-free work surface. The shipping box provides and ideal work surface. Do not dispose of any contents until assembly is completed to avoid accidentally discarding small parts or hardware.
- Use the parts and hardware lists to identify and separate each of the pieces included prior to starting assembly.
- Note: DO not fully tighten the bolts until all parts are in place. Failure to follow these instructions may cause the bolts to misalign during assembly.
- The use of power tools for assembly is not recommended. Power tools can damage hardware or split wood.
PARTS INCLUDED:

</tr>
</tbody>
</table>

HARDWARE INCLUDED:

<p>| | |</p>
<table>
<thead>
<tr>
<th></th>
<th></th>
</tr>
</thead>
<tbody>
<tr>
<td>(G). Allen Key– 1pc</td>
<td>(H). Allen Bolt M 8” x 110mm– 16pcs</td>
</tr>
<tr>
<td>(I). Barrel Nut – 16pcs</td>
<td>(J). Long Wood Screw 4 x 30mm – 56pcs</td>
</tr>
</tbody>
</table>

TOOLS REQUIRED:
Philips Screwdriver (Not included)
ASSEMBLY INSTRUCTIONS:

1. Before assembling the Loft Bed, determine on which side of the bed you’d like to position the Footboard (with ladder). This determines what is front and rear for the next two steps.

2. Insert (3) Allen Bolts (H) into the front pre-drilled holes on upper part of each end of the Headboard (A) and Footboard (B). Place (6) Barrel Nut (I) in the corresponding openings on the Front Guard Rail (C) and use Allen Key (G) to connect. Repeat with another (6) Allen Bolts (H) and (6) Barrel Nuts (I) for the Rear Side Rail (D). Do not fully tighten the bolts at this point. (Figure 1)

3. Insert (2) Allen Bolts (H) into bottom pre-drilled holes on each rear post of the Headboard and Footboard panels. Place (4) Barrel Nut (I) in the corresponding openings on the Rear Stretcher (E). Then use Allen Key (G) to connect. (Figure 2).
4. Place Slat Roll (F) on the assembled Loft bed and use (28) Wood Screws (J) to fasten the Slat Roll to Side Rail and Guard Rail. Counter sink on slats face up. (Fig. 3).

5. Check alignments and secure all bolts before use.

CARE INSTRUCTIONS:
- Dust often using a clean, soft, dry lint-free cloth.
- Blot spills immediately, and wipe with a clean, damp, cloth.
- We do not recommend the use of chemical cleansers, abrasives, or furniture polish on our lacquered finish.
- Check fasteners periodically for tightness. **DO NOT over tighten.** This may cause distortion or breakage.
- Parents should ensure a safe environment for the child by checking regularly, before placing the child in the product, that every component is properly and securely in place.
